Shin Dorn provides an economical way to apply small amounts of lubricant oil.

SHIN DORN Lubricants Custom Packaging Service

Applications	Specifications & Customization
<p>Small packages of lubricant oil are ideal for convenient, fast and easy application.</p> <p>Automotive lubricant / bearing grease / brake lubricant Suitable for lubrication points with medium to heavy loadings and high to very high speeds in low and high temperatures. Excellent wheel bearing performance.</p> <p>Sewing machine lubricant oil Builds a high-resistance and low-friction-coefficient thin film to avoid wear and friction. Excellent anti-seize and anti-corrosive capacity.</p> <p>Lubricant oil for household repair and appliance Anti-seize lubrication of slides, shafts, hinges and valves. Effectively reduces noise, friction and wear for all types of household items and domestic appliance. Intended for the treatment prior to the mounting of shafts, bushings, threads and bolts.</p> <p>Hobby and craft lubricants Used for gears and moving parts in mechanical operations to reduce friction. Ideal for application in high and very low temperature and for long-term lubrication by virtue of low tendency towards oxidation.</p> <p>General-purpose food grade grease Non-toxic and safe, used when a non contaminant and white clean stainless lubricant is required, such as lubrication of machinery in food processing, bottling, canning, meat processing and pharmaceutical industries. Offers superior anti-wear protection and outstanding water resistance. Lubrication of friction bearings even at high temperatures.</p>	<p>Raw Materials: Brand name lubricants such as:</p> <ul style="list-style-type: none"> - Anderol - Brugarolas - CAM2 - G. BESLUX - Molykote - TECHOL <p>Or your choice.</p> <p>Packaging:</p> <ul style="list-style-type: none"> - Plastic packet - 100% aluminum squeeze tube - Plastic tube <p>Or your choice.</p> <p>Optional components:</p> <ul style="list-style-type: none"> - Plastic sharp nozzle to apply lubricant for somewhere hard to reach. - Plastic tube squeezer to apply lubricant more easily. - Bicycle repair tools: wrenches, tire levels, tube rasp, rubber cement, rubber patches and more. <p>Customization:</p> <ul style="list-style-type: none"> - Custom aluminum squeeze tubes of any size with our own production equipment. - 5-color printing on aluminum tubes with client's logo and design. - Latex bands of varying width from the tube base available to prevent grease leakage. - Standard tactile warning labels for the blind. - Production date printed on tube.

Shin Dorn's Lubricant complies with US and EU standards: RoHS, SVHC and more.

Shin Dorn has established a complete quality management system and holds ISO9001-2008 Quality Management as well as ISO14001:2004 Environmental Management System accreditation.
