- Private-label retail packaging
- Sample & prototype support

Anti-Slip Bath Stickers & Strips

Made from textured vinyl or PEVA with a water-resistant adhesive. Designed to improve traction in bathtubs, showers, and other wet areas.

Features	Custom colors and printed graphics
Colors	Clear, translucent, or assorted bright colors
Shapes	Animal, geometric, or custom die-cut shapes
Usage	Bathtubs and showers in homes, hotels, and care facilities

Temperature-Sensitive Bath Stickers

Made from textured vinyl or PEVA with a water-resistant adhesive. Thermochromic material changes color above 100°F (38°C), providing a visible hot-water indicator.

Features	Visible color-change warning
Colors	Light blue; changes to light yellow above 100°F (38°C).
Shapes	Animal, geometric, or custom die-cut shapes
Usage	Bathtubs and showers in homes and care facilities

QUICK SUMMARY

Material	Adhesive	Bonding Time	MOQ	Lead Time	Packaging
Textured vinyl or PEVA	Water-resistant pressure-sensitive adhesive	Allow 24 hours before water exposure	5,000 sets per design	Approx. 30 days after artwork approval	Blister packs, header cards & pouches
