VINYL REPAIR GLUE

For PVC/Vinyl Inflatables, Pool Liners & Repair Kits

SHIN DORN Vinyl Repair Glue is formulated for localized repairs on PVC and vinyl products. After curing, it forms a strong, flexible, water-resistant bond. It is available in aluminum tubes or complete private-label repair kits with transparent vinyl patches.

KEY FEATURES

STRONG & FLEXIBLE BOND

Forms a durable bond that flexes with PVC and vinyl materials.

WATER-RESISTANT AFTER CURING

Helps seal leaks in inflatables, pool liners, and other vinyl products.

QUICK SURFACE DRYING

Touch-dry in 5–10 minutes; full cure in 12–24 hours.

CUSTOM REPAIR KIT ASSEMBLY

Available with patches, applicators, and custom retail packaging.

TECHNICAL SPECIFICATIONS

APPEARANCE

Clear to light-yellow liquid; characteristic solvent odor

TOUCH-DRY TIME

5–10 minutes

FULL CURE TIME

12–24 hours

APPLICATION TEMPERATURE

50–104°F (10–40°C)

COMPLIANCE DOCUMENTS

Test reports are available upon request for selected requirements, including ASTM F963-23, CPSIA, REACH, EN 71, and PAH testing. Availability and scope vary by market and application.

SHELF LIFE

12 months, unopened

Sample private-label configuration

OEM & CUSTOMIZATION OPTIONS
